**DECISION ON  
REQUEST**

This is a decision on the request received on July 22, 2003 to correct inventorship in the above reference application under 37 CFR § 1.48(a) by adding the names Michael C. Davis and Vishal Bansal.

The cited Rule set forth:

If the inventive entity is set forth in error in an executed § 1.63 oath or declaration in a nonprovisional application, and such error arose without any deceptive intention on the part of the person named as an inventor in error or on the part of the person who through error was not named as an inventor, the inventorship of the nonprovisional application may be amended to name only the actual inventor or inventors. Amendment of the inventorship requires:

- (1) A request to correct the inventorship that sets forth the desired inventorship change;
- (2) A statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part;
- (3) An oath or declaration by the actual inventor or inventors as required by § 1.63 or as permitted by §§ 1.42, 1.43 or § 1.47;
- (4) The processing fee set forth in § 1.17(i); and
- (5) If an assignment has been executed by any of the original named inventors, the written consent of the assignee.

Items (1), (2), (3), and (4) are found to accompany this request. Item (5) is not found. However, the request is made in the name of the assignee and such will be taken as written consent.

Therefore, the request will be honored and the inventorship in this application will be amended.
